P.S.

As a founding member and current president of Norcal Crawlers Four Wheel Drive Club, I can testify to the fact that we, as a club, typically recreate on the Rubicon Trail an average of 4 times between the months of July and November. Our typical vehicle count is between 4-10 vehicles with an average of 2 people per vehicle. If the Rubicon Trail is not available for these runs, we will most likely shift the events to the Fordyce Creek Trail.

Affidavit on
Rubicon Trail Use

Scott & Christina Johnson

The information contained in this affidavit is based upon my personal knowledge.

In the last five years I have driven, or have been a passenger in, an off-road vehicle on what is known as the "Rubicon Trail" in El Dorado County, California. I plan on visiting the Rubicon Trail, as either a driver or passenger, this coming year and in future years. I consider myself to be an avid off-road recreationist. If the Rubicon Trail is closed, for any reason and at any time of the year, I will choose, at the same time of the year, a different trail in El Dorado County or an adjacent foothill county, to recreate in my, or as a passenger in someone else's, off-road vehicle. I have also used other areas and will revert to those if the Rubicon Trail is closed. I prefer the Rubicon Trail to them, but we will use the area around it if necessary.

I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

If the Rubicon Trail is closed during the winter months, than I propose all roads be closed during the winter months! Close highway's 50, 80, 88, 4, and 108 as well. Millions of automobiles drive these roads during the wet season and bring more to the water issue than the small amount of 4x4 vehicles that transverse the Rubicon during wet months. The CA Valley Central Water Authority is overstepping their boundaries.
